EXPERIENCE

additional-testing.com, Freelance — *Full-Stack Web Developer*

July 2017 - Present

Building websites from concept all the way to completion from the bottom up using HTML5, CSS, Javascript and Ruby on Rails, fashioning everything from homepage to site layout and function, learning new things along the way.

The Rostie Group, Toronto — *Systems Administrator*

February 2016 - November 2016

Oversaw the optimal operational efficiency of the IT infrastructure in a business office environment. Worked on network switching and routing, Active Directory management, VPN setup, Microsoft Exchange email services, Terminal servers and PBX and IP phone setup and maintenance.

Goodness Me!, Burlington, Ontario — *IT Support Specialist*

July 2014 - August 2015

Monitored and maintained the computer systems and networks of the organization, installed and configured computer systems, diagnosed hardware and software faults and solved technical and applications problems, either over the phone or in person.
